Name	Jonathan Carroll
Title	Associate Director of Program Management
Organization	RTX
Organization Type	RTX
Address	1100 Wilson Blvd Arlington, VA 27525
Email	jon.carroll@rtx.com
Phone	

CANDIDATE STATEMENTS

Explain how your background, training, experience and/or personal qualities support your candidacy to assume a governance position on the Executive Committee. Provide resume as a separate attachment.

I have shown leadership pedigree throughout my entire career going back to the United States Marine Corp, to being over all Procurement and Supply Chain for entire RTX facility, to even now in my current role managing the OTA program office for RTX Corporate for the past 7 years. In those 7 years I have encountered numerous challenges and gained valuable experience in supporting the government in the execution of OTAs. I believe my experience and leadership acumen to be of significant value to the NAC.

What do you see as the most significant challenge(s) facing the business type you will represent and how would you propose to address those challenges if elected?

Connecting Large contractors to Non-traditional Defense Contractors (NDCs) and small businesses in an efficient and meaningful way that provides the government and NDCs with measurable output, I believe is something all large prime contractors struggle with. My many years of experience in procurement and supply chain offers me keen insight into the world of customer / supplier relationship and would be a focus I would bring to this executive committee position.

Please describe the importance of the NAC to your organization and provide a synopsis of the participation in NAC/DOTC since becoming a member (e.g., number of proposal submissions, awards, industry days and membership meeting attended).

The NAC has a long history of providing cutting edge innovation and technology to the warfighter and is a key driver in providing large traditional contractors and NDCs an avenue to improve the development of that technology in a means that the FAR simply cannot. This resource of the NAC is of paramount significance to RTX. RTX, who is the parent of Collins Aerospace, Pratt and Whitney, and Raytheon, has been a member of NAC since 2009. RTX has submitted on over 1,000 different proposals and been awarded many different projects under the NAC. We also have consistent representation at all collaboration events.

WILLINGNESS TO SERVE CERTIFICATION

Signature

A handwritten signature in black ink, appearing to be 'J. K.' or similar, written in a stylized, cursive-like font.
